

G-600
TRIAX®
 3-way system

True 3-way performance at moderate cost is yours with the G-600 TRIAX®. Lows from below 30 cycles to 900 cycles are handled by the 15" edge-damped woofer with heavy duty 3½ lb. Alnico-5 magnet; compression-driver horn-loaded thru-bore midchannel for 900-4,000 cycle range; and compression horn phase-balanced super-tweeter for frequency extension beyond 20,000 cycles. Separate dual crossover network, M-F and H-F balance controls. Impedance 16 ohms. 35 watts program, 70 watts peak. Shipping Weight 33 lbs.
